A Testimonial From Rev. Father Bray. "I take great pleasure in recommending to the notice of all lovers of sweet sounds the Emerson upright plane, one of which I have purchased for my own use at Loomis' Temple of Music. The quality of its tones and the excellent and perfect mechanism of the instruments are unsurpassed. It would be most delightful acquisition to any famfly. The sweetness, fullness and soft ness of its jones are enough to banish sorrow, and infuse a feeling of joy and happiness. Rev. Father B. W. Bray. The churches in Water bury have offered entertainment to pastors and all regularly appointed dele gates. The standing committee of the conference is composed of the following All those who desire seats for any of the performances should apply at once Gardiner Talcott and George Deming.

This will be the first general confer ence held in Waterbury in sixteen years, 1879 being the last year it has met here.

The local committee on entertainment is: From the First church, Dr Anderson, George W. Beach, F. Hondley; from the Second church, W H. Camp, James S. Galley, T. R. Hyde, jr. It is probable there will be about 400 delegates to the conference. There are 300 churches in the state, but it is not probable that every church will send its full quota. W. H. Camp and A. C.
